

PRODUCT DESCRIPTION

3-way universal single-color pulse-width modulation (PWM) dimmer.

Use with 12–24V DC power supplies and dimmable single-color LED tape or fixtures.

Fits a standard single-gang wall box (Decora style).

SINGLE-POLE WIRING

Power IN: red (+) and black (–) from the DC supply. Power OUT to the fixture. For 3-way, run the red traveler to a 3-way switch and connect to the positive side of the LED. DC only: never connect to 120V AC.

PRODUCT FEATURES

- Single-gang Decora style
- On/off switch with PWM slide dimmer
- 12–24V DC only
- Up to 100 W
- 3-way switching
- White finish

SPECIFICATIONS

Input voltage	12/24V DC
Max. load	100 W
Dimming	PWM slide
Switching	Single-pole or 3-way
Mounting	Single-gang wall box
Color	White
